

In the Claims:

In the claims please amend claim 1 as provided below:

1. (Second Amended) A portable power source that is powered by a user to direct electrical energy to an object, the power source comprising:

a housing;

a stator component coupled to the housing;

a rotor component that is moved relative to the stator component by the user to generate electrical energy; and

a control system including a plurality of electrical components that receive the electrical energy and dynamically electronically adjusts the level of an output electrical energy to the object between multiple, discrete electrical energy levels without changing the electrical components.

Support for the amendments to specification and claim 1 can be found on Page 9, Page 22, and Figures 3C and 3DB. No new matter is believed to be added by this amendment. Please let me know if you have any questions. Thank you for your assistance in this matter.

Very truly yours,
